ABOUT GENERAL DYNAMICS LAND SYSTEMS:

General Dynamics Land Systems, headquartered in Sterling Heights, Michigan, is a wholly-owned business unit of General Dynamics Corporation's (NYSE:GD). Part of GD's Combat Systems group, Land Systems is a global leader in the design, development, production, support, and enhancement of tracked and wheeled military vehicles.

Innovation is in Our DNA and making a difference in the lives of our customers, communities and to each other is our primary focus. Partnering with those who protect our freedom and ensuring their readiness for tomorrow is another key focus for our company.

Each new series of our vehicles and capabilities is better than the last. We anticipate the need for solutions that are designed for the future battlefield and built to bring our fighting men and women home safely to their families.

At the heart of Land Systems' military vehicles is the unmatched strength of the Abrams Main Battle Tank and the family of Stryker and Light Armored Vehicles. We look forward to receiving your application to join our team!
