The ISACA Detroit Chapter Certification Committee Wishes to Congratulate the following member who Passed the December 2015 ISACA CGEIT Certification Exam

Carrie Stark

**3rd Annual Detroit Chapter ISACA Scholarship Competition**

ISACA Detroit is excited to announce our 3rd Annual Scholarship Competition. This competition is designed to enrich the experience of students by providing them a “real world” experience. The competition consists of a case study where contestants work on a case study and present their conclusions to a panel of industry professionals who will play the role of potential future employers.

The contestants not only have an excellent chance to win some cash, but the 1st place university also earns the right to display the Scholarship trophy (just like a Stanley Cup) for the next year. So, let the competition begin.

This year the competition will start on April 8, 2016 at 6 pm and end on April 10, 2016 at 2 pm. The format of the competition is as follows:

- You are free to form a team. It is recommended that the team consists of two students, one with a background of IT auditing or assurance, and the second with a background of IT Security and web applications
- A university can send multiple teams to the competition
- Teams will be competing for three scholarships: 1st place is \$4,000, 2nd place is \$2,500 and 3rd place is \$1,500. The winners will get a certificate and the 1st place team university will get the “ISACA Detroit Cup”. And, of course, all participants will get honorable mention on ISACA’s website and their monthly newsletter
- Teams will be issued a case study at 6 pm on April 8, 2016. Teams will be expected to work on the case study till Noon on April 10, 2016. At that time, the teams will present their report to the judges. The presentation will be held at University of Detroit Mercy, 4001 McNichols Road, Detroit, MI 48221. The winners will be announced after all the teams have presented (around 2 pm on April 10, 2016).
- The case study will be made available on April 10, 2016 at 6 pm via email.
- Registration deadline is April 1, 2016 at 3 pm. To Register, please go to this link: <http://www.cvent.com/d/zfqp0m/1Q>

Every year the Detroit Chapter holds an annual election process in accordance with the Chapter bylaws to fill Officer and Board member positions.

The Detroit Chapter Nominating Committee works through various channels to ensure board composition represents the professional community we serve.

If you or someone you know are interested in serving on the board of directors, please contact either of the following nominating committee members by March 18, 2016:

Brad Barton (bbarton424@gmail.com)
Sajay Rai (sajayrai@securelyyoursllc.com)

The SE Michigan ACL user group would like to invite the ISACA and IIA members to join us to learn about ACL and data analytics. We have a representative from ACL speak a few times per year at the meetings, but mostly it’s discussions among peers about challenges using ACL. Most meetings are WebEx/phone though we have a few per year onsite at Ford Motor Company in Dearborn.

If you’re interested or to register for our next meeting, please visit our web site at <https://detroitaclusergroup.wildapricot.org/> to join us at our next meeting March 23 at Noon.
